INVENTORY OF METRA AND CTA SYSTEM RAIL-HIGHWAY GRADE CROSSINGS

September 1990

Introduction:

This inventory contains 542 public and private, numbered and un-numbered vehicular grade crossings on tracks over which Metra, private railroads under contract to Metra, the Northern Indiana Commuter Transportation District (NICTD), and the Chicago Transit Authority (CTA) operate commuter and rapid transit rail service in the six counties of northeastern Illinois. Crossings are listed by service (line/route), in consecutive order geographically from downtown Chicago. The inventory was compiled using data contained in the National Railroad-Highway Grade Crossing Inventory supplemented by field work performed most recently in September 1990. Included among the un-numbered crossings are those used only by railroad personnel, and those that serve temporary activities such as construction sites which are not reported for purposes of the National Inventory.

Changes in status of any of the crossings contained in this inventory may be reported to:

Illinois Department of Transportation
Division of Public Transportation

NC = North Central (Cook County)
CE = Central (Cook County)
SW = Southwest (Cook County)
SO = South (Cook County)

XING ID #: U.S. Dept of Transportation (DOT) / Association of American Railroads (AAR) Crossing Identification Number. This number is permanently associated with with the crossing location.

AAR CODE: Indicates ownership of tracks.
ATK = Amtrak
BN = Burlington Northern Railroad Company
CCRZ = Chicago Commuter Rail Service
CMNW = Chicago, Missouri & Western Railway Company
CNW = Chicago & NorthWestern Transportation Company
CR = Consolidated Rail Corporation
CSS = Chicago South Shore & South Bend Railroad
CTA = Chicago Transit Authority
CUST = Chicago Union Station Company
CWI = Chicago & Western Indiana Railroad Company (Metra owned)
ICG = Illinois Central Railroad Company
IHRC = Indiana Hi-Rail Corporation
NIRC = Northeast Illinois Regional Commuter Corp. Railroad
NW = Norfolk & Western Railway Co.
SOO = Soo Line Railroad Company
SP = SPCSL Corp

MP: Railroad milepost
CITY: I = The crossing is located within the corporate limits of the named municipality
N = The crossing is located nearest the corporate limits of the named municipality
HIGHWAY: US = U.S. Route
ILL = Illinois Route
FAP = Federal-Aid Primary
FAS = Federal-Aid Secondary
FAU = Federal-Aid Urban
CH = County Highway
TR = Township Road
MS = Municipal Street
OR = Other Road
PRIVATE = A location where tracks cross a road that is not under the jurisdiction of and maintained by a public authority and which is not open to public travel.

NOTES

ST SYS: Indicates whether the highway is part of the state maintained system.

MN TRK: Number of mainline tracks

OTH TRK: Number of other tracks

JUR: Jurisdiction, signifies the agency reporting the highway for inventory purposes. Codes are as follows.

1-Illinois Department of Transportation - Bureau of Maintenance

2-Illinois Department of Transportation - Bureau of Local Roads

3-County

4-Municipality

5-Federal

6-Railroad

7-Illinois Department of Conservation

8-Illinois State Toll Highway Authority

9-Township or Road District

0-Other Private

MNT: Maintenance Responsibility, indicates the agency or agencies responsible for maintaining the highway. Codes are as follows. A two digit number indicates multi-agency responsibility following this coding scheme.

0-Unknown

1-Illinois Department of Transportation

2-Other Illinois State Agency (Includes Illinois State Toll Highway Authority)

3-County

4-Municipality or other Local Agency (Except County, Township, or Road District)

5-Federal Agency

6-Railroad

7-Other Private

8-Adjacent State

9-Township or Road District

ADT: Average daily traffic volume, generally from 1986-1987. Values ending with the number 9 represent an estimated ADT.

XING ANGLE: Indicates the smallest angle between the highway and the track.

WARNING STOP SIGN = Standard Highway Stop Sign

DEVICES: RR WNG SGN = Railroad Advance Warning Sign

CROSSBUCKS = Railroad Crossing Sign

AFLS = Automatic Flashing Light Signals

AFLS CANT = Automatic Flashing Light Signals + Cantilever Supported Flashing Lights

AFLS SAG = Automatic Flashing Light Signals + Short Arm Gates

AFLS G CL = Automatic Flashing Light Signals + Short Arm Gates + Cantilever Supported Flashing Lights

SPECIAL = locked gate, chain, cable, etc. accessible only to authorized personnel

SURFACE: P-ethylene = Polyethylene

MFG: Manufacturer and/or trade name of pre-fabricated surface material.

DATE: For IST projects, the date represents a known year of completion (surface installation). All other dates represent best estimates of when the surface was last renewed.

PRGM: Indicates funding source for surface and/or crossing protection improvements.

IST = Interstate Transfer (IDOT-DPT)

OGL = Operation Green Light (IDOT-DPT)

130 = Section 130 Program, State & Local Projects (IDOT-DOH)

RTA = Regional Transportation Authority

COND RTNG: Condition rating on a scale of 1-10 (worst to best condition).

A rating of 5 or below indicates a need for maintenance or reconstruction.

Ratings shown are based on field inspections by IDOT District 1 staff.

RTNG DATE: Year of condition rating.
